Support in day-to-day activities

In-House Lawyer allows you to solve issues and tasks in a shorter period and to optimize the cost of legal support (<http://tpg-legal.com/en/in-house-lawyer>).

This service is primarily recommended for the following companies:

- Companies that do not need a full-time internal lawyer;
- Companies that need lawyers with different qualifications and specializations.
- New companies and start-ups;
- Foreign and international companies entering the Russian market.
- Subsidiaries, branches and representative offices of foreign companies.
- Companies with the internal lawyers who need additional support or qualified lawyers for certain projects and specializations.
